

ORGANIZATION, FUNCTIONS AND DUTIES.

Keltron Component Complex Ltd (KCCL), Kannur was incorporated in 08th October, 1974 with the main objective of manufacturing electronic components and apparatus with the assistance of Kerala State Electronic Development Corporation Limited (KSEDC). The company started commercial production of Electrolytic Capacitors from August 1978. It became the subsidiary of KSEDC with effect from 28.08.1986. the company is functioning under the administrative control of the Department of Industries, Govt of Kerala. During the year 2009-10, the three sister concerns of KELTRON, viz. Keltron Crystals Ltd, Keltron Resistors Ltd and Keltron Magnetics Ltd were merged into KCCL and is working as a single entity manufacturing Aluminum Electrolytic Capacitors, Metallized Polypropylene Capacitors, Carbon & Metal Film Resistors and Piezo-electric Quartz Crystals. Now KCCL is the biggest manufacturer of Aluminium Electrolytic Capacitors in India. Presently the installed annual capacity is 350 Million Pcs. It also produces other passive Electronic Components including MPP Capacitors, Resistors and Crystals. Kelton's Motor Run Capacitors are BIS Certified and produced with ISI Mark.

KCCL has state of the art manufacturing facility with more than 300 automatic and semi-automatic machines, imported from Japan, Taiwan, and Italy etc. We also have an in-house developed Forming Plant for Low Voltage and High Voltage Foils. It has a buildup area of more than 11000 sq. mtrs for machines alone, spread in a land area of approx. 14+ acres, with a skilled workforce of more than 600 persons having an average 10+ years' experience.

KCCL's R&D named "Electronics Research & Development Centre [ER&DC]" is a DSIR recognized R&D lab with many innovative and recognized achievements. The R&D won "ELCINA Award 1993 for excellence in Research & Development" for the work done in the field of forming technology. KCCL is ISO 9001 certified (now ISO 9001:2015). The products are approved by C-DOT, CACT, LCSO and Defense Dept, UL etc. It has many awards and recognitions in hand including "National Productivity Award 1988-89" under large-scale electronic components units from National Productivity Council, Govt. of India. .

KELTRON Capacitors are widely accepted by major equipment manufacturers and Consumer Electronic Industries including BEL, ITI, Crompton Greaves, V-Guard, Tata Motors, L&T, EXIDE, Onida, Railways, Water Authority, and Electricity Board etc. The KCCL products are marketed through a strong sales and distribution network spanning the entire country. The Keltron marketing divisions are spread over the country including Delhi, Mumbai, Kolkata, Chennai, Ahmedabad, Bangalore, Trivandrum etc.. to ensure that the products are backed by dedicated support and service.
